Beyond Basic Driving: Company Owned Vehicles – (8 mins.) – Spanish

Beyond Safe Driving is exactly that. This video won’t teach your drivers how to drive. They already know that. It goes beyond that to teach them specific skills in handling larger courtesy vehicles. These vehicles handle quite differently than most passenger cars and a specific skill set and knowledge is required to operate them safely. We address today’s #1 hazard, Distracted Driving, but we also detail numerous hazards and the steps that can be taken to reduce the risk to your driver, your vehicle and your passengers.
