Safety Rules for Power Tools Infographic

BASIC POWER TOOL SAFETY TIPS

Green World Group
Pioneers in HSE Consultancy and Training

Prevention is better Than Cure

REGULAR MAINTENANCE

Keep your power tools sound by maintaining regularly.

DOUBLE CHECK

Before using a power tool, examine closely. If you found any issue, don't use before repairing.

FOLLOW INSTRUCTION

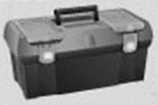
Every power tool comes with instruction manual. Before using, learn it properly.

USE RIGHT TOOL

Use right sized and shaped tool for your job.

STORE

Never keep power tools in contact with heat, oil or liquids. Always store it in a safe place. Before storing make sure you turned it off.



WHAT TO WEAR

To keep your face and eye protected, use goggles and face mask.
To keep your feet safe, use dry shoes.
And to stay away from noise pollution, use ear buds.
