## FAST FACTS: WORK INJURY LACERATIONS

MARTOR USA

Two out of every five workplace hand injuries are caused by lacerations

The National Safety Council (NSC) reported  
**OVER 1 MILLION HAND INJURIES**  
occur each year in the United States

**63%**  
of these are  
from knife  
lacerations

**26.74%**  
of machinery injuries  
are lacerations

**55.86%**  
of injuries caused  
by hand tools are  
lacerations

Lacerations are high up on a  
company's list of recordables...

Usually in the top  
three or five items
